

WE BRING 20 YEARS COMBINED EXPERIENCE TO THE HDPE INDUSTRY

Starting at

\$2,900

The A15 Jon Boat

Whether you are cruising through shallow water, casting a line in hard to reach spots, or transporting equipment for the job, the Aylin 15 Jon Boat is built to perform. Made from high density HDPE with a solid 0.5 inch thick hull, it is designed to take on tough conditions while delivering a steady, reliable ride every time.

Fast Facts

The A15 Jon Boat

Capacity
850lbs. (MPC)

Team
Up to 6 People

Size
Length: 15" LOA

Range
200 nautical mile

The Aylin 15 Jon Boat is built to exceed expectations. Its lightweight yet extremely tough construction resists impact, corrosion, and abrasion, making it ideal for river systems, lakes, and work environments where reliability matters most.

Capacity: 850 lbs

Range: 200 nautical miles

Team: Up to 6 People

Fuel Capacity: -

Size: Length: 15ft LOA

Engines: -

Applications: Fishing, shallow waters, and hauling work gear.

■ 15' Kon Boat (Model: IMHA15)

Putting our environment first by extracting and reusing HDPE pipe to make indestructible boats.

Easy to Navigate

Step into the Aylin 15 Jon Boat and experience strength, stability, and performance built for wherever the water takes you.

+ Size Specifications

Length: 15' LOA
Sides: 20"
Beam: 70"

+ Weight Specifications

Capacity: 850 lbs. (MPC)
Hull Weight: 380 lbs.

+ What a Color?

Hull bottom – black,
Deck/surfaces – marble white
Custom colors available

+ How Many People

The 15' Aylin Jon Boat fits up to 6 people.

+ Material & Storage

Floor and side material thickness is ½" HDPE.
Front storage compartment, 20" wide rear swim deck.

+ Warranty Policy

About Legacy HDPE

Our Story

Legacy Innovations was founded in 2016 with a simple but powerful vision: reclaim abandoned HDPE water lines from oil and gas fields in the Powder River Basin and give them new purpose. We began by reselling recovered pipe for non potable water projects, a service we continue to provide today.

As operations grew, we transformed an arena into a plastic processing facility, allowing us to manufacture recycled HDPE sheets in house. Today, we produce durable HDPE tanks, utility beds, sheets, and boats built to last.

American Made is at the heart of what we do.

Our commitment drives our everyday decisions

Legacy HDPE is set apart in countless ways from the standard in this field, including the totality of its removal process and the cost at which it performs such operations.

Why HDPE Is Revolutionary ?

The HDPE Advantage

HDPE is a superior alternative to traditional marine materials. Its unique properties make Legacy HDPE boats safer, longer-lasting, and environmentally responsible for demanding marine operations.

Impact Resistant: Withstands collisions and rough use without structural damage

Corrosion-Free: Immune to rust, rot, and UV degradation

Impact Resistant: Withstands collisions and rough use without structural damage

Corrosion-Free: Immune to rust, rot, and UV degradation

Ready For Your Next Mission?

Discover a variety of other boat that can transform your operations with unmatched durability and performance.
