Fast Facts

The L718 RIB Boat

Capacity

1044lbs. (MPC)

Team

Up to 3 People

Size

Length: 17" LOA

Range

200 nautical mile

Capacity: 1,044 lbs (MPC)

Range: 200 nautical miles

Team: Up to 3 people

Fuel Capacity: 50 gallons (189 liters)

Size: Length: 17 ft LOA

Engines: Twin outboards up to 250 HP total

Applications: Offshore operations, logistics, exploration, and maneuvering in tight marine environments

■ 18' Lena Marie RIB Boat

Putting our environment first by extracting and reusing HDPE pipe to make indestructible boats.

Ready for All Seas

Our 718 Lena HDPE boat is resistant to UV, chemical and abrasive exposure. The material and our expertise make this boat option durable and benefits those who don't want to spend a lot on maintenance.

+ Size Specifications

Length: 17'-9" LOA
Sides: 12" round tube w/upper (21 and 3/4 total)
Beam: 7'- 8'
Transom Height: 25" Shaft

+ Weight Specifications

Capacity: 1044 lbs. (MPC)
Hull Weight: 1500 lbs.

+ What a Color?

Hull bottom, rid – black,
Floor and surfaces – marble white
Custom colors available

+ How Many People

Up to 3 people.

+ Material & Storage

Hull, floor and bench material thickness is 1/2" HDPE.
Transom and side material is 3/4" HDPE.
Front platform/storage compartment

+ Warranty Policy

About Legacy HDPE

Our Story

Legacy Innovations was founded in 2016 with a simple but powerful vision: reclaim abandoned HDPE water lines from oil and gas fields in the Powder River Basin and give them new purpose. We began by reselling recovered pipe for non potable water projects, a service we continue to provide today.

As operations grew, we transformed an arena into a plastic processing facility, allowing us to manufacture recycled HDPE sheets in house. Today, we produce durable HDPE tanks, utility beds, sheets, and boats built to last.

American Made is at the heart of what we do.

Our commitment drives our everyday decisions

Legacy HDPE is set apart in countless ways from the standard in this field, including the totality of its removal process and the cost at which it performs such operations.

Why HDPE Is Revolutionary ?

The HDPE Advantage

HDPE is a superior alternative to traditional marine materials. Its unique properties make Legacy HDPE boats safer, longer-lasting, and environmentally responsible for demanding marine operations.

Impact Resistant: Withstands collisions and rough use without structural damage

Corrosion-Free: Immune to rust, rot, and UV degradation

Impact Resistant: Withstands collisions and rough use without structural damage

Corrosion-Free: Immune to rust, rot, and UV degradation

Ready For Your Next Mission?

Discover a variety of other boat that can transform your operations with unmatched durability and performance.
